YOUR NOTES

WEAPON-CLEAR WAS DEVELOPED AND LAUNCHED IN 2003 TO FULFIL AN URGENT NEED FOR A COMPACT CLEARING BARREL WITHOUT CALIBER RESTRICTIONS OR MAINTENANCE REQUIREMENTS.

QUICKLY WEAPON-CLEAR BECAME ADOPTED AND SPECIFIED BY POLICE AND MILITARY UNITS WORLDWIDE.

IN THE LAST 10+ YEARS WE HAVE EXPANDED THE RANGE TO INCLUDE SOLUTIONS FOR VEHICLE, CP OPERATIVES AND ARMOURERS.

WEAPON-CLEAR CURRENTLY HOLDS 18 COUNTRY EXCLUSIVE MILITARY CONTRACTS IN ADDITION TO 23 NATIONAL POLICE AND HUNDREDS OF DEPARTMENTAL CONTRACTS.

WEAPON-CLEAR IS THE FIRST AND ONLY COMPANY TO EXCEED THE UN CLEARING BARREL TEST STANDARD. THE UN IS OF COURSE ONE OF OUR CUSTOMERS.

OUR MODELS HAVE THE FOLLOWING FEATURES:

- **COATED WITH LINE-X MILITARY COATING AND CAN BE SITED INDOORS OR OUTDOORS**
- **50 ROUNDS OF MAX CALIBER PRIOR TO REPLACEMENT (STD CALIBERS)**
- **SEALED UNIT – TAMPER PROOF**
- **FULLY PORTABLE**
- **INDEPENDENTLY TESTED BY ACCREDITED TESTING AGENCIES**

RIFLE-CLEAR

Rifle-Clear is a free standing unit covering all pistol and rifle rounds. Weighing 50 lbs (23kgs) the Rifle-Clear can be positioned where needed whilst remaining fully portable. Alternatively the unit comes pre drilled for bolting to a concrete surface.

The Rifle-Clear will safely contain all pistol and rifle rounds up and including .50 BMG Api.

Dimensions:

Height	30"	760mm
Width at Base	9"	230mm
Depth	25.5"	650mm
Tube width/depth	4"x4"	100mm x 100mm
Weight	50lbs	23kgs

Test data:

H.P White
5 rounds .50 BMG Ball

H.P White
100 rounds 5.56 SS109 Ball

EMERGENCY-CLEAR

With the success of Rifle-Clear we quickly identified that a more compact version of the Rifle-Clear was required – perfect for bench mounting or indeed wall mounting. The Emergency-Clear comes with a inbuilt carrying handle to aid portability.

The unit comes pre drilled.

Safe for all rounds from .22rf thru .50 BMG Api.

Dimensions:

Height	16"	400mm
Width at Base	6"	150mm
Depth	13"	330mm
Tube width/depth	4"x4"	100mm x 100mm
Weight	26.4 lbs	12kgs

Test data:

H.P White
5 rounds .50 BMG Ball

H.P White
100 rounds 5.56 SS109 Ball

Cranfield University
2 rounds .50 BMG Api

Cranfield University
1 round 14.5 * 114 Api
(Twice the power of a .50 BMG)

PISTOL-CLEAR

Pistol-Clear was developed to provide a compact portable clearing solution for Police departments. An inbuilt handle provides full portability for the Pistol-Clear, in addition the unit is pre drilled for wall or bench mounting.

The unit is lightweight at only 22 lbs/10kgs yet providing clearing for all pistol and rifle rounds up to and including .308 / 7.62 NATO.

Dimensions:

Height	10.5"	270mm
Width at Base	6"	150mm
Depth	14"	350mm
Tube width/depth	4"x4"	100mm x 100mm
Weight	22 lbs	10kgs

Test data:

H.P White
100 rounds 9mm

50 rounds of handgun and rifle
ammunition up to 7.62 NATO

VEHICLE-CLEAR

With many Police departments placing the Pistol Clear in the trunks of their vehicles, we developed a vehicle specific model.

With the same ballistic protection as the Pistol-Clear (.308/7.62 NATO rifle)

The Vehicle-Clears compact size and pre drilled based allows it to be used in addition in many other situations such as training areas, offices and reception areas.

Dimensions:

Height	8.5"	210mm
Width at Base	6"	120mm
Depth	8"	200mm
Tube width/depth	4"	100mm
Weight	10,5 lbs	4,9kgs

Test data:

50 rounds of handgun and rifle
ammunition up to 7.62 NATO

AIR-CLEAR

Air Clear was developed to provide a safe and effective clearing device for CP operatives, covert security teams, sky marshals and other specialised security operatives.

The units compact size and high levels of ballistic protection provides the ideal solution whilst on the move.

Due to the sensitive nature of this product – please send an email from your organisation to receive test data

Dimensions:

Height	6,3"	160mm
Tube width/depth	1.6"×1.6"	40mm × 40mm
Weight	12 oz	330gr

GUNSMITH-CLEAR

A range on your Workbench.

Gunsmith Clear is the solution for Armourers and Gunsmiths.

Our Gunsmith clear unit was developed a decade ago however we only used it internally as a test platform.

Finally after a decade we have launched it – and it was worth the wait.

Allowing you to test fire all calibers from .22rf thru to 300 win mag.

The GSC is lined with 6mm (8/32") Armox and has our purpose designed rubber to decelrate the bullet and bring it to a stop.

In addition for your safety there are six 6mm (8/32") Armox plates at the bottom to provide complete protection for the operator.

The GSC is easily serviceable and replacement pads are available from ourselves.

TRANSIT-CLEAR

Transit Clear is designed to allow the safe transport of a potentially loaded weapon safely.

This provides the retention of valuable forensic information and indeed allows for the handling of a weapon by someone with little knowledge of the weapon.

PISTOL version any handgun can be placed inside the case and safely transported, if the weapon fires the round will be safely contained.

RIFLE version again allows the safe transport of any Rifle - Carbine or machine pistol - irrespective of loaded or unloaded.
